

FEATURES AND BENEFITS

- Superior Knot holding
- Smooth run through baler, reducing wear on Knotter equipment
- Designed for Australian conditions with 12 Month guarantee against UV degradation

TOP KNOT BALING TWINE

The old 'warhorse' and the heaviest large square twines of the Donaghys range.

Top Knot is a specialized twine for Large Square Baling and has been the mainstay of baling both heavy and difficult hay and straw crops over many years and still continues to perform. Top Knot is designed to take the challenge of superior knot holding in the toughest of Large Square Baling conditions.

USAGE AND APPLICATION

Designed for superior strength to maximise the bale weight and compression in Large Square Baling, Topknot is a perfect choice for use in all modern conventional Large Square balers, where baling conditions are reaching the maximum in Conventional Large Square Baling.

The use of Top Knot Twine is applicable across all Hay, Straw and Silage crop types.
