

# PREMIUM GRAVEL BAGS

## The Ultimate Silage and Grain Storage Companion

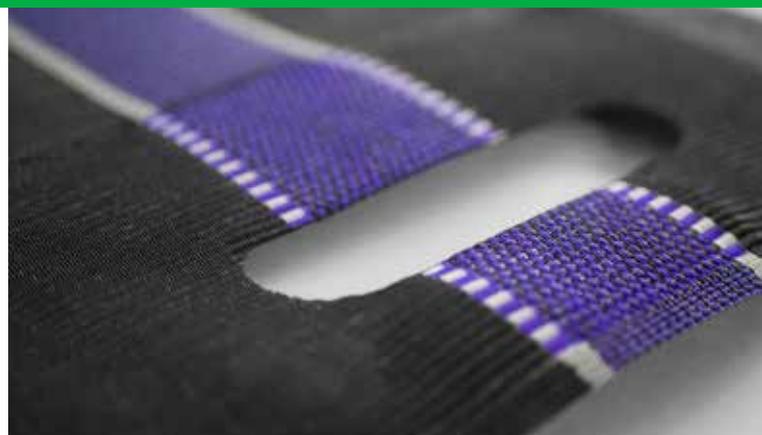

### SUSTAINABLE INNOVATION

- Upgrade your silage and grain storage system with Agri Novatex premium gravel bags. Designed for durability and ease of use, these high-quality gravel bags offer a superior alternative to tyres for securing silage covers and grain tarps.

### KEY FEATURES

- Very dense weave setting for maximum strength
- High grammage for long-lasting durability
- Extremely resilient and weather-resistant
- Real cordon drawstring for a secure closure
- Holding loops on both sides for easy handling
- Comfortable handle for effortless carrying
- Large size (27 x 120 cm) for optimal coverage
- Bulk packaging for convenience (50 pieces/bundle, 150 pieces/carton, 3,750 pieces/pallet)

### PRODUCT SPECIFICATIONS

PRODUCT CODE	MATERIAL	LENGTH	WIDTH	BUNDLE QTY	CARTON QTY	PALLET QTY
60250040	High tensile mesh	120cm	27cm	50	150	3,750

## FEATURES

1. High-Density Weave & Grammage
2. Weather & Tear Resistant
3. Secure & Easy Handling
4. Optimised Size & Bulk Packaging

## BENEFITS

1. Provides a secure and stable hold for your silage covers and grain tarps, preventing shifting and exposure to oxygen and the elements.
2. Withstands harsh conditions, ensuring resilience against wear and environmental damage.
3. Equipped with a cord drawstring, holding loops, and a comfortable handle for quick and hassle-free use.
4. Large dimensions for better coverage and efficient storage with convenient bulk packaging options.

## WHY CHOOSE AGRI NOVATEX GRAVEL BAGS?

Superior Protection	Provides a secure and stable hold for your silage and grain bags, preventing shifting and exposure to elements.
Eliminate Waste	Avoid the use of tyres that degrade over time and create disposal issues
Time-Saving & Efficient	Easy to handle, store, and apply, improving operational efficiency.
Cost-Effective Solution	Durable design means long-term use with reduced replacement costs.
